★ The Village is here...use it!

Due to different social and economical backgrounds, parents/caregivers may have a sense of social anxiety which prevents them from taken advantage of the community resources available to them. This workshop is design to assist parents & caregivers with the social confidence to reach out and take advantage of community resources. **(1.5 Hour Workshop)**

★ Now That We Know...What's Next?

This workshop is for families of children recently diagnosed with special needs. We offer learning tools to help navigate through challenges, how to locate & advocate for resources to assist with your child's development. This training is not limited to parents, it can be a resource tool for early childhood educators, community & human health service advocates **(2 Hour Workshop)**

★ Sometimes..It Just Takes 10 minutes

You will be amazed at the things you can accomplish in 10 minutes. This workshop is for parents, guardians that want to learn innovative ways to assist in your child's learning at home.

A consistent 10 minutes of one on one time with your child makes a HUGE difference **(1 hour workshop)**

★ We are Family...Inclusion & Belonging

Today's families are diverse. As child/family service advocates this diversity challenges us to be more accepting, responsive and respectful in our relationship with families & communities . This workshop is designed to assist with how to create a sense of belonging for all families including gay/lesbian, father only parents & special needs parents. **(1.5 Hour Workshop)**
